MEDICAID MEMO

TO: All Providers Participating in the Virginia Medicaid and FAMIS Programs

FROM: Cynthia B. Jones, Director
Department of Medical Assistance Services (DMAS)

MEMO: Special

DATE: 9/5/2017

SUBJECT: New Medicare Card Replacement Initiative

The purpose of this memorandum is to notify providers of the new Medicare Card Replacement Initiative implemented by the Centers for Medicare and Medicaid Services (CMS).

PROVIDERS: New Medicare Card (Formerly Called SSNRI)

CMS is removing Social Security Numbers from Medicare cards to help fight identity theft and safeguard taxpayer dollars. In previous messages, CMS has stated that you must be ready by April 2018 for the change from the Social Security Number based Health Insurance Claim Number to the randomly generated Medicare Beneficiary Identifier (the new Medicare number). Up to now, CMS has referred to this work as the Social Security Number Removal Initiative (SSNRI). Moving forward, CMS will refer to this project as the New Medicare Card.

To help you find information quickly, CMS designed a new homepage linking you to the latest details, including how to [talk to your Medicare patients](#) about the new Medicare Card. Bookmark the [New Medicare Card](#) homepage and [Provider](#) webpage, and visit often, so you have the information you need to be ready by April 1st.

As additional information becomes available, DMAS will provide additional updates.

MEMBERS: New Medicare Cards Are Coming

Medicare will mail new Medicare cards between April 2018 and April 2019. Your new card will have a new Medicare Number that's unique to you, instead of your Social Security Number. This will help to protect your identity.

Things to know about your new Medicare card:

- You don't need to take any action to get your new Medicare card.
- The new card won't change your Medicare coverage or benefits.
- Medicare will never ask you to give us personal or private information to get your new Medicare number and card. Learn more about the limited situations in which Medicare can call you.
- There's no charge for your new card.

Watch Out for Scams

Scam artists may try to get your current Medicare number and other personal information by contacting you about your new Medicare card. They often claim to be from Medicare and use various scams to get your Medicare number, including:

- Asking you to confirm your Medicare or Social Security Number so they can send you a new card.
- Telling you there's a charge for your new card and they need to verify your personal information.
- Threatening to cancel your health benefits if you don't share your Medicare Number or other personal information.

If someone calls you and asks for your Medicare number or other personal information, hang up and call us at 1-800-MEDICARE (1-800-633-4227).

MANAGED CARE PROGRAMS

Most Medicaid individuals are enrolled in one of the Department's managed care programs: Medallion 3.0, Commonwealth Coordinated Care (CCC), Commonwealth Coordinated Care Plus (CCC Plus), and Program of All-Inclusive Care for the Elderly (PACE). In order to be reimbursed for services provided to a managed care enrolled individual, providers must follow their respective contract with the managed care plan/PACE provider. The managed care plan/PACE provider may utilize different prior authorization, billing, and reimbursement guidelines than those described for Medicaid fee-for-service individuals. For more information, please contact the individual's managed care plan/PACE provider directly.

Contact information for managed care plans/PACE providers can be found on the DMAS website for each program as follows:
